

BACKGROUND

NEDLAW LIVING WALLS – The Company

- NEDLAW Living Walls is part of the NEDLAW Group of Companies that also includes NEDLAW Roofs and NEDLAW Living Roofs.
- The NEDLAW Group of Companies is headquartered in Breslau, Ontario, and serves clients throughout North America.
- The NEDLAW Group of Companies started with the formation of NEDLAW Roofs in 1988. NEDLAW Living Roofs was formed in 2005.
- NEDLAW Living Walls is the result of a 2008 merger between Air Quality Solutions Ltd. (a Guelph, Ontario, based company formed in 2001) and the NEDLAW Group of Companies.
- Air Quality Solutions Ltd. was developed by Dr. Alan Darlington. Dr. Darlington was part of The Controlled Environment Systems Research Facility at the University of Guelph, in Guelph, Ontario. Dr. Darlington's team was focused on and received international recognition for their work examining the use of biological systems to improve indoor air quality.
- In 2001, Dr. Darlington was recognized for his work through a fellowship from the Ontario Centres of Excellence. As a result of this fellowship, Dr. Darlington formed Air Quality Solutions Ltd., a green technology company focused on improving air quality by researching, developing and installing living walls.
- Dr. Darlington is president of NEDLAW Living Walls.
- Since 2008, the company has developed more than 90 NEDLAW Living Walls for installation throughout North America.
